Description:

Aluminium Extruded panels to fit most size light columns, 150mm wide, pre-powder coated white or black gloss,

Panels to have 2 no. slots cut in back of extrusion to allow banding or strapping or Tam Torque to vertical columns.

Graphics: All panels face decorated CMYK printing with an eco-solvent printer onto cast vinyl (suitable for 7 year life exterior).

Artwork: Customer to supply artwork in PDF, AI or EPS format please. (if no artwork supplied there will be a set up cost, subject to information provided)

Reflective Vinyl: We can also supply panels to have engineering grade reflective vinyl at an **additional cost of £2.50** per panel.
